

About us

In 1998, the company started its business in the field of importing interior decoration materials.

In 2006 production of kitchen counter tops , which can be named as the beginning of manufacturing activities.

In 2008 established Melamine face mdf Production Line with more than 70 colors.

In 2010 started the production line of high gloss pvc laminated.

NOVA was born in 2013, based on its experiences and approach to producing luxurious counter tops with modern colors and exclusively designs.

Entering the embossed and deep embossed HPL in cabinet industry has brought about significant changes in customer tastes and market competition.

In 2015, with the launch of wallpaper, a new phase was completed to complete the customer basket.

In 2018, the idea and production of HPL laminated Sheets was first carried out in Iran by NOVA and it has revolutionized the process of interior decoration of the kitchen. The idea of producing HPL coated sheets has attracted the attention of the customers. That solved the perpetual problem of set the counter tops and the sheets and they were manufactured exactly the same color as our customers choice.

Today:

increasing production capacity in the specified designs and colors counter tops and HPL laminated sheets, NOVA's continue to research the world-class materials for importing and producing more high quality products.

By focusing on quality and customer orientation, NOVA is committed to advancing and innovating, using advanced tools and specialized experts as well as business in previous years. Our vision is to become the most popular interior design brand and our tool is your creativity, innovation and admiration.

Product description:

The surface of HPLs used in the production of counter tops and sheets is a kind of special layer that induces a smooth, natural surface touch experience.

High resistance to micro-abrasion and balanced heat and direct sunlight are the reason for their longer durability.

The use of external MDFs and contact-based adhesives (oil solvent) and world-class machine tools and experts in manufacturing adds another dimension to NOVA products.

Standard packaging with durable cartons to prevent damage to counter tops and sheets for facilitate their transport is another distinctive feature compared to other products on the market.

We have brought together the best, for the best ...

A vintage, rusted car, possibly a Volkswagen Beetle, is shown in a field of tall grass and weeds. The car is heavily weathered, with significant rust and peeling paint. To the right of the car is a large, rusted metal barrel. The scene is lit with warm, golden light, suggesting late afternoon or early morning.

With its aesthetic and individual design, our products serve the best - fit alternatives to your living environment for you to reflect your style and create a more decorative look .
